Introduction

What is NeighborNet?

NeighborNet is a community-based social networking app that helps you connect neighbors, share local stories, organize events, and build a stronger community. Whether you want to:

- Share news and updates with your neighborhood
- Organize or join local events
- Chat with neighbors
- View community activities on a map
- Earn badges for community participation

NeighborNet makes it easy to stay connected with the people around you.

System Requirements

- Android: Android device running Android 8.0 or later
- Active internet connection (WiFi or mobile data)

Getting Started

For Android:

1. Download APK

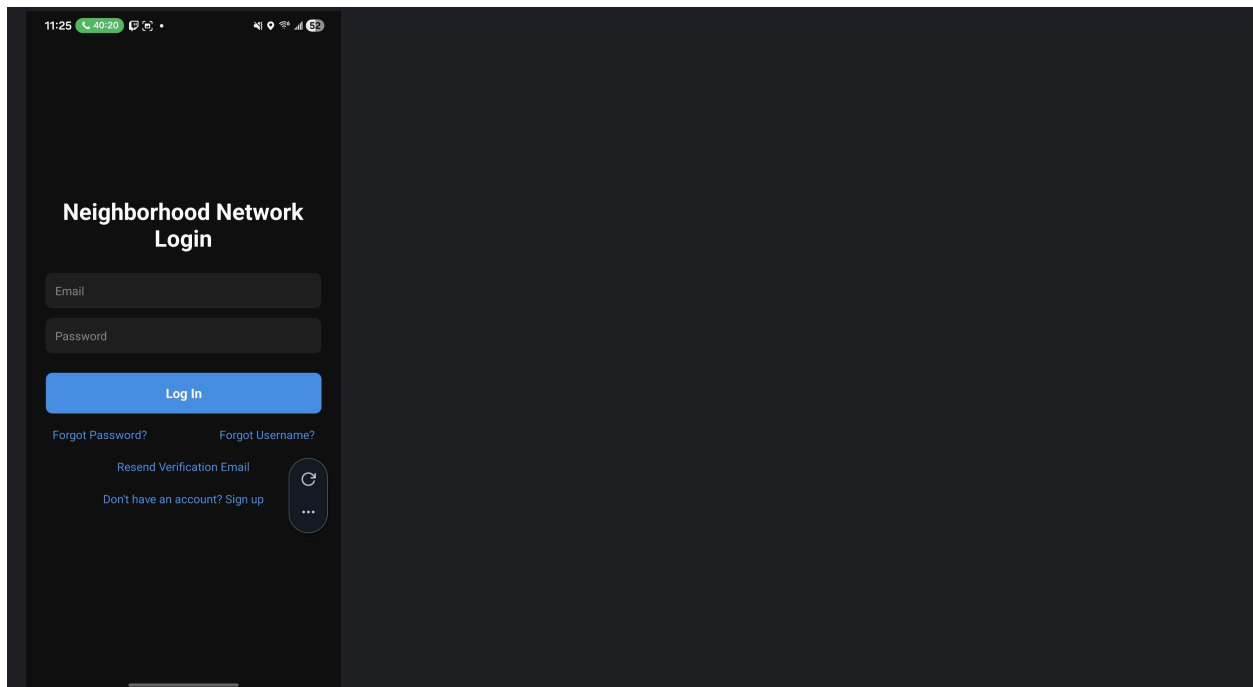

Account setup

Creating an Account

Step 1: Launch NeighborNet

1. Tap the NeighborNet icon on your android device
2. You should see a welcome screen

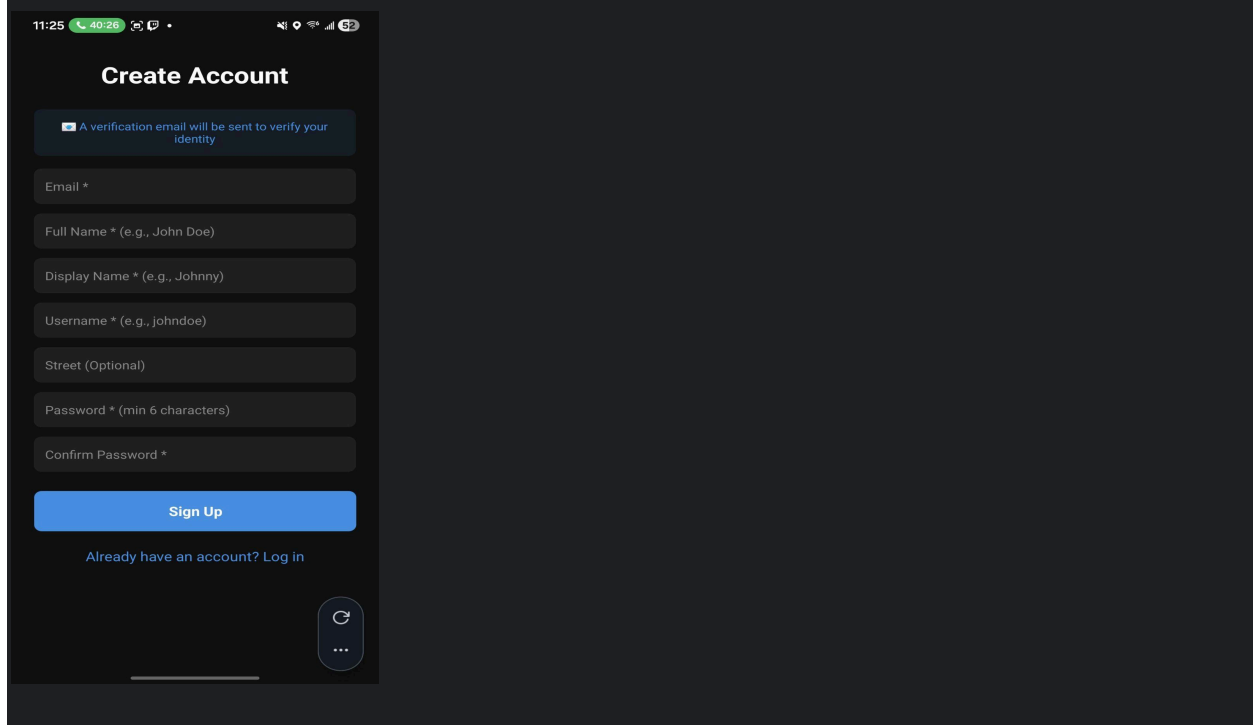

Welcome screen:

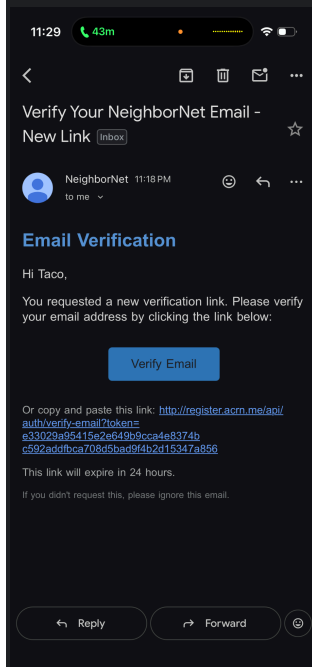

Step 2: Sign up

1. Tap the sign-up button
2. Fill in the required information
3. Tap the Create Account button
4. Check your email for a verification link
5. Click the verification link

Sign up page:

Verification email:

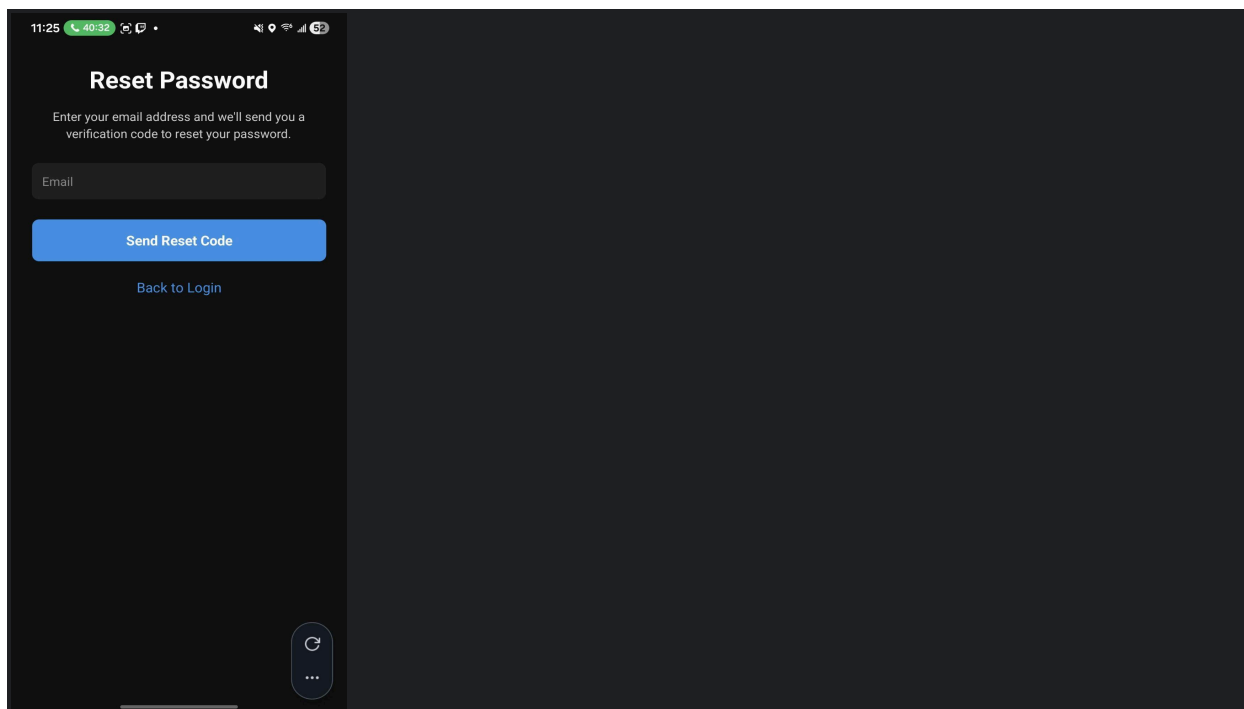

Step 3: Login

1. Return to the app and input your login information
2. Once logged in allow NeighborNet to use location, photos and microphone

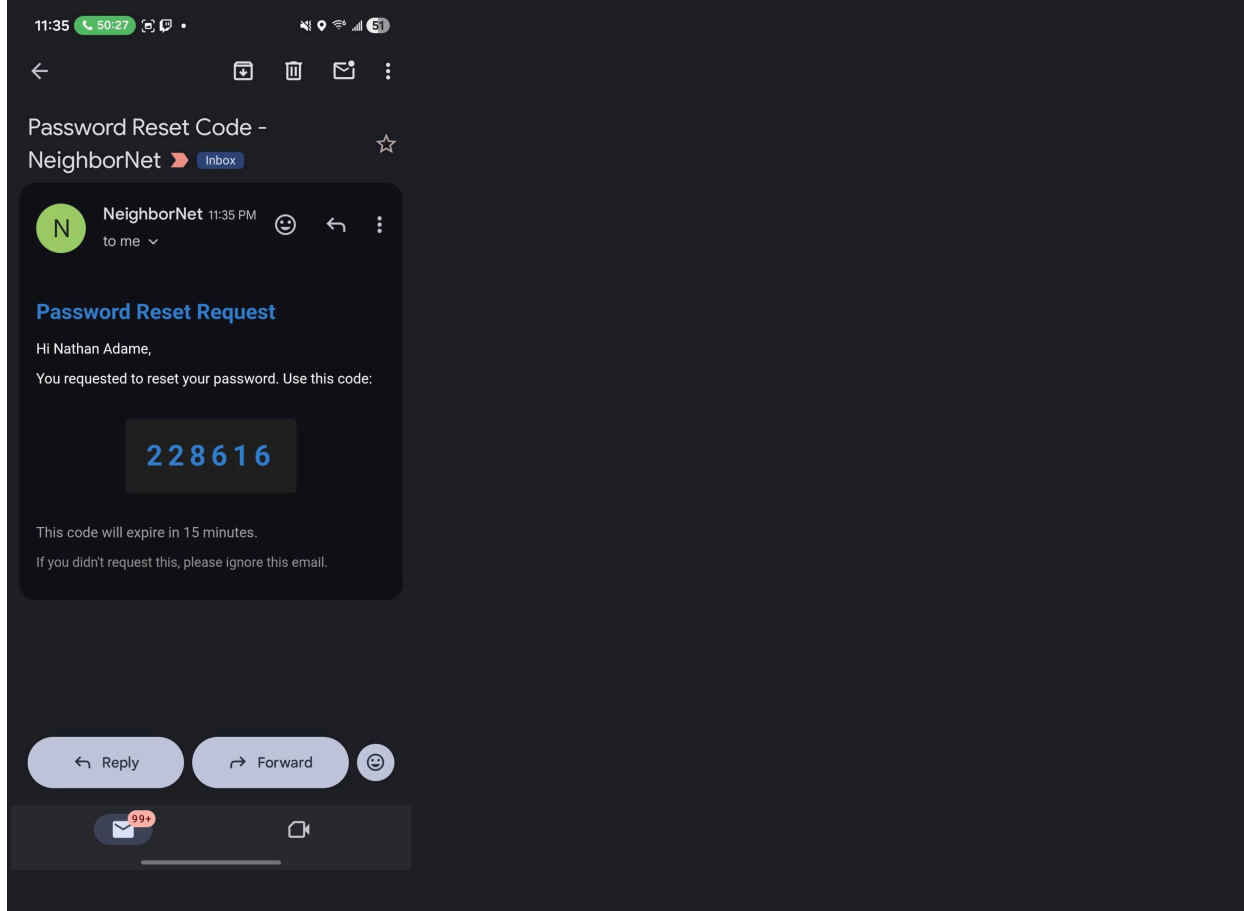

IF FORGOT PASSWORD

1. Tap the Forgot password button
2. Once at the forgot password page enter your email address
3. Tap send email
4. Check your email for the password reset link
5. Click the link and follow the instructions
6. Return to the app and login with new password

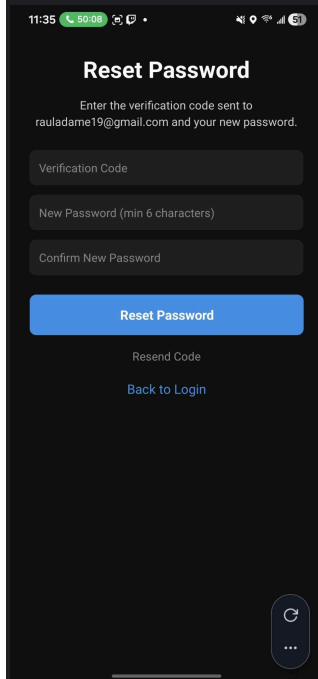

Enter email:

Recovery code:

Recover Password page:

A mobile app interface for a 'Reset Password' page. At the top, the status bar shows the time 11:35, battery level at 50%, and signal strength. The page title 'Reset Password' is centered. Below it, a message states: 'Enter the verification code sent to rauladame19@gmail.com and your new password.' There are three input fields: 'Verification Code', 'New Password (min 6 characters)', and 'Confirm New Password'. A prominent blue button labeled 'Reset Password' is below the inputs. Underneath the button are two links: 'Resend Code' and 'Back to Login'. At the bottom right, there is a circular icon with a refresh symbol and a three-dot menu icon. A horizontal line is visible at the very bottom of the screen, likely representing the home indicator on an iPhone.

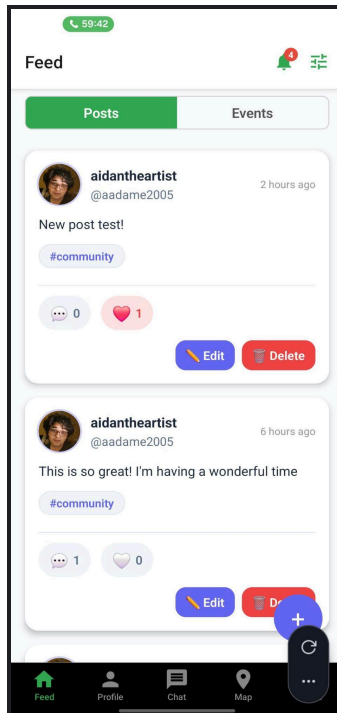

Main Features

Home Feed: The Home Feed is your main view where you'll see posts and event posts from your neighborhood.

Posts show you:

- Author's name and profile picture
- Post content (text and/or image)
